We talked about two issues, Nordic Rally and Nordic Meeting. This year we postponed the Nordic Rally and the Nordic Meeting, due to the invitation of participating in European Rally in Rotterdam. Norway wanted this meeting and will be responsible for the minutes.

We discussed and made the following decisions:

**Nordic Meeting:** To be held the day after the European Meeting at the same place as the European Meeting is held. Next year in Greece, Rhodes., Sept, 10-13 and then the Nordic Meeting will be on the 14 th. This is to reduce the travelcost.

**Nordic Rally:** Norway will check out two possible places in Norway, one in the eastern and one in the western part of Norway and estimate a cost for each place. Travelcost not included. This estimate will be sent out, in due time, before next European Meeting. The Rally will be held in 2022. Each country will discuss with their members if that's what they want. (In Rotterdam Norway (1), Denmark (28), Sweden (?) and Finland (0) as far as we know.
